Your child's birthday is a special day and you want to make them happy while making them do something useful by educating them in first aid!

Disguised as a "superhero", I come to welcome and entertain your children for 3 hours.

What's included?

An introductory first aid fun and practical workshop (approx. 45min). They will be able to dress up and join the superhero community! They will continue their day with a first aid-themed treasure hunt, passing tests to find the key that will open the chest which contains a « superhero » diploma and a superhero mask (and other gifts purchased by you if you wish) . I will also bring music and make-up.

Please provide cake, drinks and decorations!

Where?

Together, we find a time
and place that's
convenient to you: at
home, outdoors..

The workshop content is adapted according to the age group:

- Identify dangers and dangerous situations
- Protect yourself and others
- Check the scene and the person
- How and when to call the emergency number
- Care of a person in case of:
Nose bleed, burns, bumps, blood loss, recovery position...
